"Crescent Cardboard Company, LLC is honored to partner with Keep America Beautiful® to help make America's communities cleaner and greener. For over 100 years Crescent has been manufacturing products to help America preserve its treasures. Crescent is committed to providing the highest quality products for preservation framing. Crescent's premium line, Ragmat® is composed of cotton fibers rather than woodpulp, therefore preserving trees and offering preservation material used for centuries. We look forward to working with Keep America Beautiful to help preserve and build more sustainable communities." from www.kab.org
